## SUMMARY

Performing and music have been apart of me for all my life. It is what I am most passionate about. I am highly motivated and extremely dedicated to this craft. I have a proven track record of excellence and always finish what is started. I am a committed learner who seeks to grow in every way at every opportunity. While there are lots of reasons to love music and the arts, I find particular joy in pleasing others through them. My desire is to create a safe space for those around to escape through the power of song. My hope is to foster an environment that genuinely makes those around happy.
